LOCAL NEWS.

Do not forget that the Apache County Cattle Growers' Association meets on the 4th of next month.

There is nothing like success. Measured by this axiom, what an influential paper is the Apache County Critic!

"Sing 7" reminds us of that old story about the monkey and the pole-the more he writes, the less you know what he is trying to say.

We understand that the Apache County Critic has received the contract for the public printing from the Third House of the Fourth Legislature of Arizona.

For Mr. Cate's sake we regret the defense the Critic made in his behalf-to have such an advocate is to lose one's case. We entertain the same regret for Mr. Dionicio Baca.

We congratulate father and son.

It must have cost "Slug 7" his week's wages to pay the postage on that heavy communication to the Critic. When we first began to read it, we supposed we were to be assailed by solid shot from ! heavy ordnance, but before finishing it, found it to be only empty bombs

Perhaps it is too much to expect that six-shooters shall disappear at once, it will have to go sooner or later. Just as county jail, and upon the recommendalished, the market for six-shooters in order, to take effect immediately. this county will be very low. It has been said by some persons that those who depended upon the mighty Critic to have Apache county divided, and Holbrook made the emporium of the sand hills, have leaned on a broken Reed for support.
